## NARRATIVE

COPLOGIC REPORT - Incident Description by Non-Offender - A Caucasian male came into the Greyhound station after being in a fight. He was bleeding heavily from the mouth and the paramedics were called and he was given treatment. After his treatment, he remained in the terminal and became frustrated with the pain and his inability to leave that night because he missed a schedule. He then pushed over a kiosk machine used to sell tickets. The machine broke into two parts. The Police were called 3 times that night but we got no assistance due to citywide looting. The male then expressed being in excruciating pain so the security on duty called the paramedics again. They picked the male up and took him to the hospital and his name was not taken down by security so we have no clue of his identity or where he was taken.
