NARRATIVE	COPLOGIC REPORT - Incident Description by Non-Offender - I parked in front of my building on the afternoon of Friday May 29th and when I approached my car at 11 a.m. on the morning of Saturday May 30th I noticed that the rear window was broken in two different spots. Nothing from the interior of the car was taken. The seats were both folded down and there was a blanket covering the entire expanse behind the driver and passenger seats. There was some dirt scattered on the blanket and an empty crate which was visibly empty from the outside of the car.

NARRATIVE	COPLOGIC REPORT - Incident Description by Non-Offender - Bike was stolen from our apt building parking garage. Garage is secured with a garage door, key fob entry and surveillance cameras. To my knowledge none of the other bikes were stolen from the garage. The bike was brand new, only had it for a month, I believe my bike was targeted due to there being many readily accessible bikes closest to the exits. Building mgmt has reviewed the surveillance footage but wont release without police consent.

I left the bike unattended behind that fence between 9-11 am on 5/30/2020. When I came back it was gone and could not be located after searching the premises. I also asked the neighbors who said they saw nothing. I appreciate any help regarding this matter. Thank you!
